The prestigious Walter Weight Award will be awarded to a member for outstanding contributions to the organization. The award is named after our founder who established the Southern California Water Utilities Association so that managers in the industry could come together in a casual environment to discuss current issues in the industry and enjoy each other's company. It is with honor and excitement that this award will be presented for the first time.

Nominations for the Walter Weight Award may be made at [www.scwua.org](http://www.scwua.org)
